# Free-standing

Art. No. 805121xx

## ***Product overview***

Elegant and durable, this freestanding cold-water outdoor shower combines Scandinavian design with practical functionality. Made from PVD-treated stainless steel with a refined gun-metal finish, it features a Ø20 cm tiltable rainshower head with anti-limescale nozzles for a wide, soft spray. Easy to install and connect directly to a garden hose. Weather-resistant and built to last, it brings effortless style and comfort to any outdoor space. The free-standing elements means this shower can be placed anywhere in your garden.

## **Technical specifications**

Dimensions & Weight: 2078mm / 4.1kg

Colors: Brass / Copper / Gunmetal / Brushed

# About B&N

## Our Mission

Our mission is to make sanitary solutions accessible - uniting Scandinavian design, lasting quality, and everyday practicality. Inspired by Nordic outdoor traditions and built on long-standing partnerships with trusted suppliers, we empower homeowners with beautiful, reliable products at honest prices. We deliver smart solutions that stand the test of time - season after season, year after year.

## Our Experience

With roots dating back to 2004, we've built long-term partnerships with trusted suppliers in Asia and customers across Germany, France and Scandinavia. Our in-house quality control team and lean operation ensure consistently high standards and competitive pricing year after year.
